

# CO2 Insufflator Tubing Set

## A British Made Solution

We are proud to offer a British made versatile CO2 tubing set.

- Works with any disposable water bottle system, including the Endo Flow
- Will work effectively with any insufflator on the market.
- Works with *Olympus®*, *Pentax®* and *Fujinon®* GI endoscopes.
- Tubing can be disposed of at the end of each day.
- Connects directly with Endo Flow to connect to sterile water bottles.

**Use this CO2 tubing set in your Endoscopy Unit and support a British company supplying British made products.**

**Product Code: PFE551**
